

# Joyce Cheung

Bachelor of Biomedical Sciences, RMIG - Masters of Occupational Therapy  
Student, UQ

Joyce is a versatile therapy assistant with various experiences in performing arts, dance choreography, and has previously worked as a Speech and Physio Assistant. She is currently undertaking her Master of Occupational Therapy at the University of Queensland. The multi talented and multilingual practitioner works closely with clients, their families and support network to develop tailored strategies aimed at minimising harm and risk that may often occur due to challenging behaviours.

Joyce also supports families and children of all ages as a mentor, art therapist and dance instructor under the supervision of our OTs. Joyce loves children and is competent in delivering outstanding results with children and builds rapport rapidly.

When not at Nexus CAP/Tools4LifeOT, Joyce is focused on completing her masters, travelling and spending a quiet time with friends and family.
